

The fact is crime is down in DHS.

I can only give you the facts. You've been lied to again and again.

We're overflowing with medical marijuana tax money. Before the City Council election there was no talk of problems. Everyone claims they didnt know of any deficit. Is this innocent dishonesty or just gross negligence? Neither, it is a trick. When I hear the first few notes of a song I know its playing again...

We just did this. The song is the same. More taxes are urgently required.

The deficit is not in Public Safety. (Currently 68% of our budget.) Unsustainable imbalance; it's a deficit in everything else. But by threatening Public Safety the City Council can get you to raise your own taxes with no reforms whatsoever.

City Council and previous City Manager have thrown the problem they created in your laps offering only one solution... more taxes with no accountability. And they will use it, as they just did, in their election campaigns, claiming they saved the DHS Police... Shocking! Make no mistake threatening our Public Safety is not saving it. If you vote to raise our taxes, please understand you are letting them off the hook completely. No explanation why they did this.

Remember, I was the only one who told you the truth.

Thank You,
Robert M. Bentley
Former Police Commissioner
